

# eFolio Week1&2

WEEK1:

Github url: [randlyoyo/dwang-FIT5032](https://github.com/randlyoyo/dwang-FIT5032)

## WEEK2:

```

<script setup>
import { ref, computed } from 'vue'
import { authors } from '../data/authors.json'
import { books } from '../data/books.json'

const message = ref('')
const showMessage = ref(false)

const authorsList = computed(() => {
  return authors.filter(author => {
    // Highlight Jane Austen
    author.name === 'Jane Austen'
  })
})

const allAuthors = computed(() => {
  return authors
})

const allBooks = computed(() => {
  return books
})

const filteredBooks = computed(() => {
  return allBooks.value.filter(book => {
    // Filter books by author
    book.author === 'Jane Austen'
  })
})

const filteredAuthors = computed(() => {
  return allAuthors.value.filter(author => {
    // Filter authors by name
    author.name === 'Jane Austen'
  })
})

const toggleMessage = () => {
  showMessage.value = !showMessage.value
}

```
